BUILDING HOPE

Celebrate 200 Homes with Us!

We're proudly celebrating our 200th home and our 9th home in Carthage with a special community build in 2026.

Surely we have been blessed to be able to partner with families to build strength, stability, and self-reliance through affordable housing. Now, as we prepare to construct our 200th home, we invite local businesses and community leaders to help us celebrate this milestone by sponsoring the build that represents 35 years of hope.
